SANDRA: SIMPLIFYING SUPPLIER RELATIONSHIPS

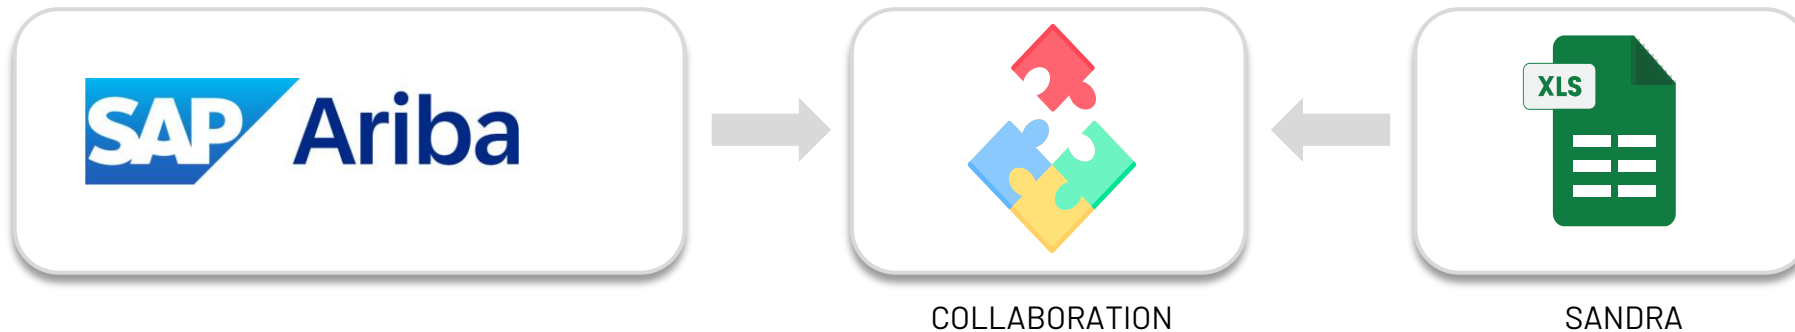

In many organisations, certain suppliers, particularly smaller ones, have neither the time nor the inclination to connect to a digital platform.

RESULT

Part of the panel remains difficult to access, causing delays and blockages

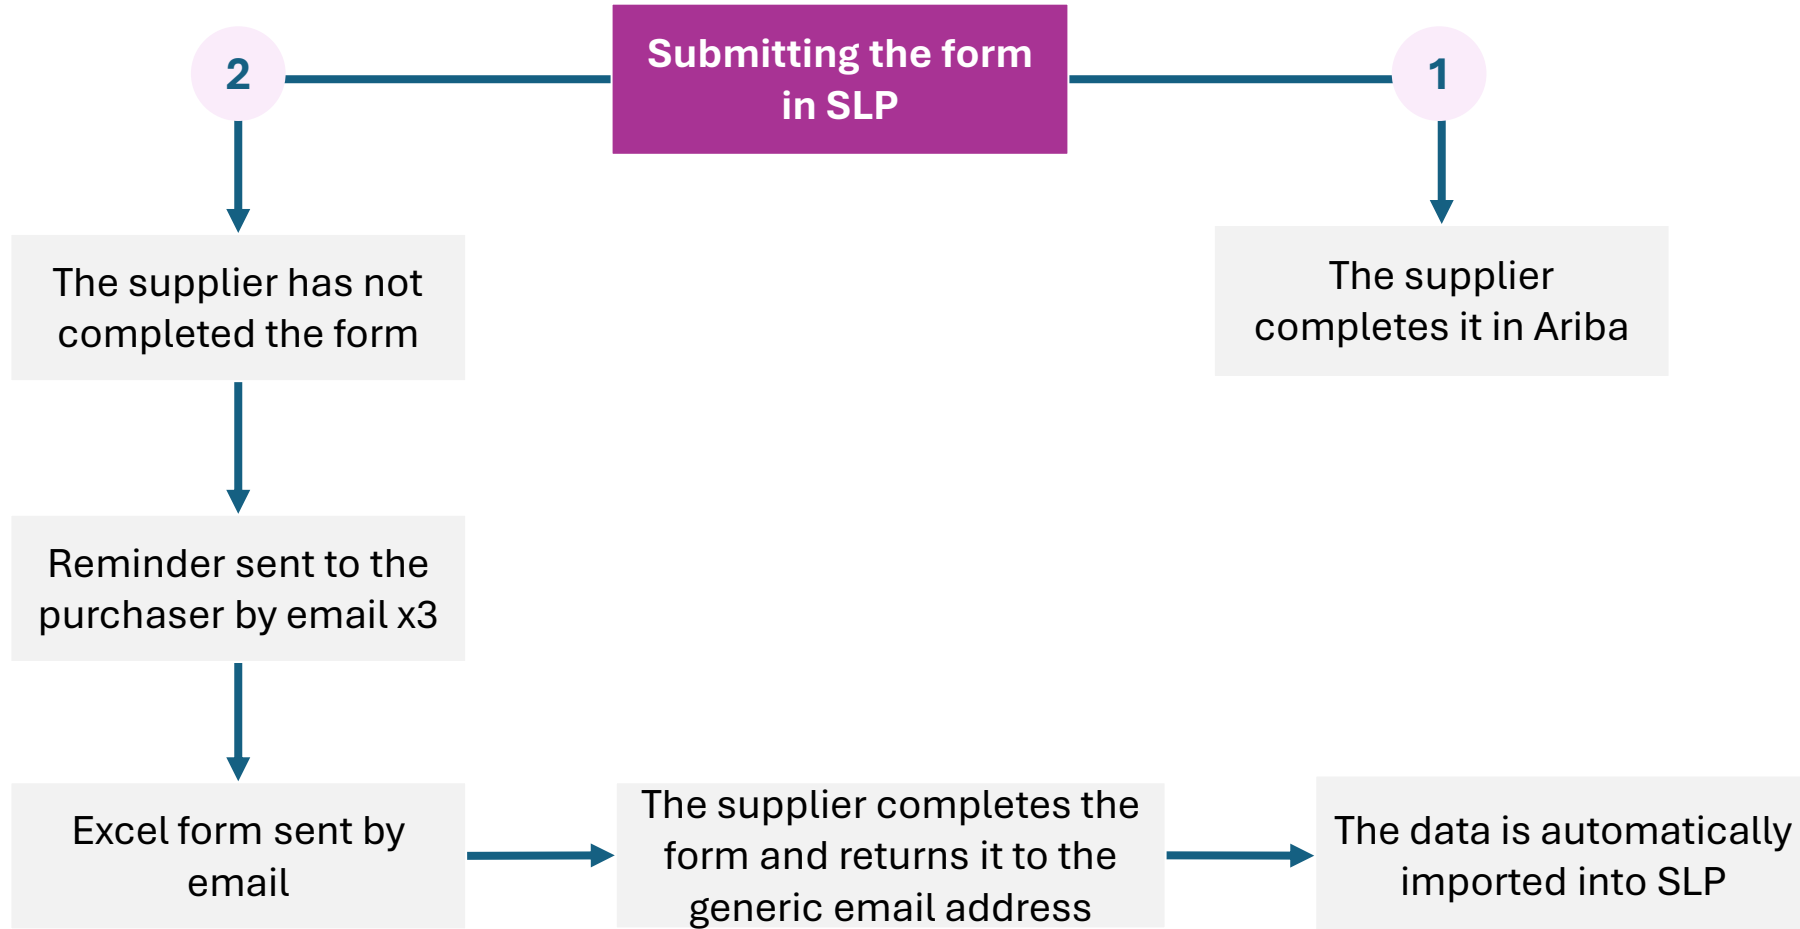

SANDRA PROVIDES AN ADDITIONAL CHANNEL, ALLOWING YOU TO REACH MORE OF YOUR SUPPLIERS WHILE SECURING THE COLLECTION OF INFORMATION

SAP Ariba SLP remains the central platform for managing your forms and supplier processes. SANDRA only intervenes in the event of a non-response to provide a simple follow-up channel:

THE BENEFITS OF SANDRA

- 01 Time savings: automated reminders and data entry
- 02 Simplicity: responses can be submitted directly from the Excel file sent by email
- 03 Quality: data is just as comprehensive and verified
- 04 Efficiency: fewer bottlenecks in the onboarding process
- 05 Adaptability: tool that adapts to all Ariba questionnaires (referencing, qualification, monitoring)

Adaptability: tool that adapts to all Ariba questionnaires (referencing, qualification, monitoring)
